The Management Says

Dear Parent,

It is so heartwarming that the first part of the **Second Term 2022/2023 Academic Session** has been rounded off successfully. Our most profound gratitude goes to the **Almighty God** who has graciously preserved and enabled us to achieve great strides within this half term.

The exciting **Junket Train 2023** ride to **Mr. Fish, The Compassionate Orphanage, The Ephraim School Inter-House Sports** etc. turned out a very colourful icing on the academic and all-round development of our dear children. Also, the time-out with the **Arogi Trauma Foundation** and **Destiny Mandate Solution** teams during the **Friendship Day** was a waoh! The impact is better shared by your ward(s). As for the flavour added by the rich cultural display as witnessed by the parents who graced the Culture Day, our hearts are full of admiration and appreciation. And on the other hand, the Honour Day series of January and February dramatically unveiled the sterling qualities embedded in our children, to the pleasurable excitement of their parents and school mates.

In retrospect, it is amazing how much ground was covered within the past few weeks, thanks to the uncompromising support, prayers, encouragement and contributions received from you, dear parent. Thank you for being such a wonderful support system. God bless you richly!

We use this medium to appreciate the **Board of Directors** of our noble school, especially our beloved **Mr. and Mrs. Ranti Okanlawon** for their consistent base and undying sacrificial love evident in all our programmes.

NUGGET CORNER

Learning allows us to make sense of the world around us, the world inside of us and where we fit within the world.

When we improve our education and continue to learn, we can foster new connections, increase our marketable skills, and understand people better.

Education helps us get exposure to new ideas and concepts that we can use to appreciate and improve the world around us and the world within us.

Education without values, as useful as it is, seems rather to make man a more clever devil
